## PROFILE

A software engineer with a strong commitment to developing innovative software solutions. With proficiency in **TypeScript** and **MSSQL**, I have extensive experience in creating web applications, APIs, and database-driven software.

My strengths include working collaboratively within team environments and utilizing critical thinking to solve problems and implement effective solutions.

## PROJECT EXPERIENCE

qmBase

**React.ts / C#**

Fully developed enterprise application for ISO 9001 certificates.

Simple ChatBot Extension

**JavaScript**

Developed an extension that connects to local Llama3 or OpenAI to query PDFs of the current website.

Designed to enhance user interaction by providing instant information retrieval.

## EDUCATION

Technische Universität Dortmund

Bachelor of Science in Computer Science

2018-2024
